Interprotein Corporation

Introduction of Interprotein Corporation in BenchSci's expanding list of exceptional Biotech companies engaged in Artificial Intelligence

Interprotein has been added to BenchSci's expanding list of exceptional Biotech companies engaged in Artificial Intelligence in order to improve the performance of Drug Discovery (<https://blog.benchsci.com/startups-using-artificial-intelligence-in-drug-discovery>).

The list of '101 Start-ups Using Artificial Intelligence in Drug Discovery' provides an excellent and precise resource for companies searching credible partners with the capability to apply AI in order to considerably boost the performance of the Discovery process.

Masato HOSODA, CEO & President, mentioned in response to this news that he was extremely happy that the efforts of Interprotein's commitment to an AI strategy as part of their INTENDD platform was gaining international recognition.
